Our advanced technology is leading the world's fluid transfer industry.

World Chemical Co., Ltd.

COMPANY PROFILE

■ Note:

Company Profile

Senshin (Advance)

The essence of our originality lies in our flexible way of thinking. With the power of rich ideas coming out of the field, where we always begin and develop thinking, along with a revolutionary system of horizontal division of work and a number of patents we gained in the country and overseas, we have introduced our innovative original technologies to various fields in the world.

Inspirations with great creativity and technological capability having advanced technologies that materialize all kinds of ideas and the strong will of continuously challenging the limits of possibility as the backbone of our activity, we are endeavoring to make unlimited contribution to people, industry and the earth.

From Ideas to Technology to Creation. Under the Company's slogan "Senshin (Advance)", we, World Chemical Co., Ltd. continue to seek out and take on new challenges.

Management Philosophy

President
Wataru Mori

World Chemical Co., Ltd. developing and manufacturing fluid-related and environment equipment continues to pursue new technologies and challenge the conventional ideas under the company's slogan "Senshin (Advance)", in an endeavor to provide our customers around the world with real value that they seek.

Companies are required to create values that meet "people's" expectations and such values are changing from time to time.

Our management principle is to contribute to the building of a bright future through introducing valuable products that can be appreciated by customers in this constantly changing global society.

Company Profile

Company Name **World Chemical Co., Ltd.**
Date of Establishment **January 26, 1971**
Capital **50,000,000 yen**
Major Stockholders **Tokyo Small and Medium Business Investment & Consultation Co.,Ltd. Wataru Mori**

Board Members
President Wataru Mori
Director Toru Ebihara
Director Hidenori Nakayama
Director Daisuke Kokubu
Auditor Kenichi Ohya

Financing Bank
Mizuho Bank, Oshiage branch
MUFG Bank, Ltd. Bank, Azabu branch
Awa Bank, Tokyo branch
Shoko Chukin Bank, Tokyo branch
Japan Finance Corporation, Head office

Office (Japan)
Tokyo Head Office
Nagoya Office
Osaka Office
Tsukuba Factory

Office (Overseas)
Worchemi Taiwan Co., Ltd. (Taiwan)
World Chemical USA, Inc. (U.S.A.)
Suzhou World Technology Co.,Ltd. (China)

Company history

Jan. 1971
Established with a capital of 4 million yen. Launched production and sales of vinyl chloride self-priming pumps and vertical pumps.

Oct. 1973
Joined the spilled oil collecting exercise of Japan Coast Guard at Kawasaki with our oil collecting system "Skimchemissor".

Aug. 1974
Opened Osaka office.

Jul. 1976
Joined the spilled oil collecting exercise of Japan Coast Guard at Negishi with our oil collecting system "Skimboat".
Delivered an algae collecting boat / pump to Construction Ministry.

Jan. 1983
Completed construction of the Tsukuba Factory at Joso city, Ibaraki and started production.

Mar. 1990
Added on Tsukuba Factory.

Mar. 1991
Delivered our oil collecting pump to Saudi Arabia, Katal and Oman from Ministry of International Trade and Industry to collect spilled oil for the Gulf War.

Jul. 1991
Opened Nagoya Office.

Mar. 1992
Made a grant from Tokyo Small and Medium Business Investment and Consultation Corporation to research and develop new oil collecting system.

Jul. 1996
Established a local subsidiary in Taiwan.
(WORCHEMI TAIWAN CO., LTD.)

Mar. 1997
Delivered our big size collecting system to the Japan Defence Agency.

Apr. 1997
Made a grant from Ministry of International Trade and Industry to develop floating oil separating system.

Feb. 2005
Relocated the head office to Minato, Tokyo.

Jun. 2006
Established a subsidiary in Suzhou, China.
(SUZHOU WORLD TECHNOLOGY CO., LTD.)

Oct. 2008
Tsukuba factory was certified according to the Tsukuba ECO establishment registration.

Nov. 2009
Wataru Mori assumed a post of a new president.
Yoji Mori assumed a post of a new chairman.

Apr. 2010
Delivered our urgent spilled oil collecting system to Japan Coast Guard.

Feb. 2011
Relocated the head office to Taito, Tokyo.

Products

[Inspiration, Technology, Creativity and Quality]

Fluid Transfer Technology

We, World Chemical Co., Ltd., are a comprehensive manufacturer of environmental equipment. We make excellent use of appropriately communication to understand our customers needs, unique idea and technologies which realize their ideas. Our responsibility to society is to develop products such as Pump Floating Particles Collecting System and Self-priming Filtering System. So under our slogan Senshin (Advance), we are intent to go forward in a posture of keeping challenge for our customers.

Our advanced technology is leading the world's fluid transfer.

Products

	<Type>	<Model>	<Name>
Pump	Valveless self-priming magnet pump	GV/GVF, Big GV	SUPERMAG
	Magnet drive pump	Small GS/GSF, GS/GSF, GUGT, GSR	CHEMIFREE
	Mechanical seal pump	GSM, GVM	-
	Submersible pump	GWN	SUBMERSE
	Vertical linear seal pump	LRN	SLURRY PUMP
	Vertical valveless self-priming pump	NSF/SF	SELFREE
	Vertical sealless pump	VK/VP	DRYFREE
	Vertical sealless pump	LON-SU	DRYFREE S
	Vertical sealless pump	LO-PU	DRYFREE U
Filtering system	Self-priming filter pump	CT	CHEMIFINE
Oil collecting system	Fix coolant oil collecting system	CSN	COOLANT SAVER
	Portable coolant oil collecting system	CSP	COOLANT SAVER PORTABLE
	Washing oil collecting system	CS	WASHING SAVER
	Floating oil collecting system	FO	GREASECOMING
	Oil collecting float pump	GYP	GYROSKIMMER
	Floating oil collecting system	GYP+FO	GYROSYSTEM
	Floating oil collecting system	GY+EM	SKIMBOY
Floating particle collecting system	RSS	ROTARY SCUM SKIMMER	

Intended Industries

Electronic components

- **PWB manufacturing**
Pre-processing / Development / Etching / Stripping (D.E.S) / Plating
Circulation and transfer of cleaning liquid
- **Semiconductor manufacturing**
Gold plating / Circulation and transfer of cleaning liquid
- **FPD manufacturing**
Development Etching / Stripping (D.E.S) / Circulation and transfer of cleaning liquid

Environment / Water treatment

- **Waste water treatment**
Circulation and transfer of chemical waste / neutralizing / reduction fluid
- **Exhaust gas treatment**
Circulation of neutralizing fluid

Spilled oil

- **Seawater surface / Surface of lake / Pit**
Collection of floating particle / oil

NETWORK

【World Chemical's network】

The Global market targeted with the "Advanced" technology.

Our creative challenge continues into the future.
